JAN 30 2015

**MEMORANDUM**

**SUBJECT:** Revision of management position titles in Chapter 12 of the EPA Region 4 Delegations Manual to reflect the reorganization of the Resource Conservation and Recovery Act Division to the Resource Conservation and Restoration Division

**FROM:** Heather McTeer Toney  
Regional Administrator

**TO:** G. Alan Farmer, Director  
Resource Conservation and Restoration Division

By this memorandum, I am revising certain management position titles identified in Chapter 12 (Toxic Substances Control Act) of the EPA Region 4 Delegation Manual. Specifically, these revisions apply to EPA Region 4 Delegations 12-1 (January 14, 2009), 12-2-A (January 14, 2009), 12-2-B (January 14, 2009), 12-2-D (January 14, 2009), and 12-9 (January 14, 2009). These revisions to the management position titles reflect the reorganization of the Resource Conservation and Recovery Act (RCRA) Division to the Resource Conservation and Restoration Division (RCRD). With regard to these revised delegations, the new positions reflected in these delegations carry the same responsibilities, authorities, and duties as did the management positions identified in the January 14, 2009 version of the delegations. For purposes of said delegations, the management position titles are revised as follows:

1. The title Director, RCRA Division shall now be Director, RCRD; and
2. The title Chief, RCRA & OPA Enforcement and Compliance Branch, RCRA Division shall now be Chief, Enforcement and Compliance Branch, RCRD.

All other provisions of the above identified delegations shall remain unchanged.
